**MODERN STONE-AGE**

ONCE IN A BLUE MOON WE FIND A GREAT PIECE OF JEWELLERY THAT GOES WITH EVERYTHING WE OWN, GETS OODLES OF ADMIRATION AND MAKES US HAPPY JUST LOOKING AT IT.

Lately we're feeling all Wilma Flintstone sporting a giant **quartz ball bracelet** by Stoned Originals designer Terri Michael. Her simple-but-fabulous line is made using freshwater pearls, semi-precious stones and Swarovski crystals.

We also love that Michael gives a portion of all proceeds to **women's shelters** and that each piece is wire-wrapped by hand in sterling silver so that it withstands all our daily activities (even a recent spinning class).

Yabba dabba doo.
